

Mount Olive College Student Success Center

Location: 549 Michael Martin Drive, Waylin Centre
(beside the Sleep Inn)
Phone: (919) 658-2502 or 1-800-653-0854, Ext. 1488
Web: www.moc.edu/studentsuccesscenter
Who we are: Our department provides a variety of services to help you achieve your academic, personal, and career goals...

Career Planning (Ext. 1135 or 1155)

Our professional staff assists students in identifying and clarifying career objectives, teaches skills and strategies for conducting a successful job search, and provides resources to assist students in finding entry level professional positions. Students are encouraged to begin the career planning process in their first years and continue to utilize the Career Center resources throughout their four years at Mount Olive College.

Tutoring (Ext. 1185)

Individual and small group tutoring in math, English/writing, and science is provided by professional tutors, adjunct instructors, and qualified peer tutors. Tutors provide additional practice, reinforcement, and study tips related to the discipline or assignment.

Academic Advising (Ext. 1145)

Students who have not declared a major are assigned an advisor in the Student Success Center. Any student, regardless of major, can stop by with questions or concerns about their academic progress.

Disability Services (Ext. 1185)

Students with documented physical, learning, or psychological disabilities can request reasonable course, testing, and/or campus accommodations. Students must register with our office before receiving accommodations.

Resources Available

Computer lab, textbooks, workbooks, and videos are available for student use and checkout. Other information can be found on our web page.

Workshops

Check your email and the MOC calendar for a list of workshops on topics ranging from writing, time management, and study skills to resume writing and networking. Many Student Success workshops will offer E3 credit!

“Your Success is OUR Business!”
